

L.A.J. 04-958

Judge, Kent A. Jordan

Dear Sir,

This letter is to inform you that my Case has once again been denied because it lacked merit. I am doing everything in my power / knowledge to cause my Case to meet the Courts standards, but the Courts keep rejecting my Cause. Sir, I still suffer with nerve damage and my condition seem to be progressing and according to Dr. Hershley's diagnosis, from Christina Lake it appear that theres nothing more for him to do concerning my nerve condition. Pls. assist me where my Case lacks merit in the simplest terms. Your attention, time, and efforts in this matter are greatly appreciate.

Sincerely, Pedro Rodriguez
